Metal Column Speaker

Harmony in Every Word, Clarity in Every Messages

ZS-107-AS / ZS-207-AS

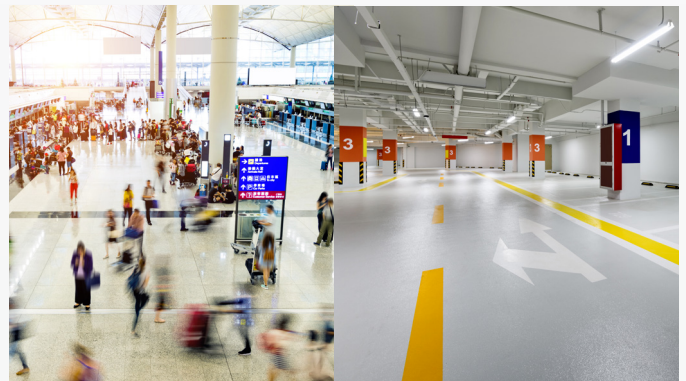

Metal Column Speaker

The column speaker is a compact and efficient type engineered for exceptional performance across a wide frequency range, particularly excelling in high frequencies and high power input handling. This speaker can be mounted in various applications with the included bracket, making it incredibly adaptable for different environments.

Whether for a conference room, retail space, or any indoor event, it provides crystal-clear audio that enhances any setting. Its sleek design provides a seamless fit with modern aesthetics, while its sturdy construction ensures long-lasting durability. Furthermore, the column speaker features a straightforward installation process, enabling you to quickly set it up and enjoy superior sound quality in no time.

Product Features

- Elegant, modern design that complements any space
- Clear and powerful sound
- Bracket included for installation
- Designed with metal material
- Expanded audio coverage
- Suitable for use in corridors and the interior of mosques, public spaces, stations, indoor parking area, cafes, and coffee shops
